§0 abstract

Data scientist and ML/AI engineer. Working with data since 2019: experiment design and mixed-effects models, ML pipelines and signal processing, now LLMs: fine-tuning, RAG, agents and voice AI. Master's in industrial engineering; before that, crisis management and accounting. Interests: music, history, science & philosophy.

§1 work experience

chords: skill families in play

2025.11 — now
1 yr

AI/ML Engineer

Advance2000 · cloud private infrastructure

LLM fine-tuning using LoRA. A private, ChatGPT-like AI assistant with web search, RAG and agentic features. Voice AI agents for call centers. Codebase and task management across the team for multiple projects.

Python · LoRA · PyTorch · LLMs · vLLM · RAG · Weaviate · SearXNG · agents · LiveKit · ElevenLabs · Deepgram · Git · Docker · Linux · Pydantic · uv · ruff · VS Code

2025.01 — 2025.11
10 mos

AI Engineer

NewLevelWork · ai coaching, leadership & development

LLM- and voice-based chatbots, agentic workflows, RAG, document parsing, REST APIs.

Python · LLMs · agents · RAG · kreuzberg · Weaviate · LiveKit · ElevenLabs · Deepgram · REST · Docker · Git · Pydantic · uv · VS Code

2020.06 — 2026.05
5 yrs 11 mos

Data Scientist / ML Engineer

NobleScripts · ai & web dev

Research, machine learning, signal processing, REST API development, data collection, pipelines, deployment, codebase & task management, long-term maintenance.

Python · SQL · JS · Shell · ML · sklearn · PyTorch · signals · REST · data eng. · Docker · Linux · Git · Jupyter · VS Code · uv · ruff

2019.06 — 2020.06
1 yr

Data Scientist / Statistician

ClinStatDevice / ClinSoft · bioinformatics

Design of experiments, randomization, simulation, mixed-effects modelling, advanced visualization, dashboard development, report automation.

R · SQL · DoE · mixed models · dashboards

§1′ other experience

IT Intern · Veon Armenia
2018.09 — 2018.11 · 2 mos
SQL reports, natural language processing.

Teaching Associate · AUA
2021.01 — 2021.05 · 4 mos
Programming for Data Science: teaching Python & R.

Research Assistant · PDRF
2020.07 — 2021.03 · 8 mos
Skill-mismatch research: survey preparation, data analysis.

EPIC Startup Program · MetaStyle
2020.01 — 2020.06 · 5 mos
Text style transfer using machine learning.

AI Incubator Program · Hero House · Expper
2019.07 — 2019.10 · 3 mos
Robin the Robot: human-robot interaction research, emotional-response system prototyping.

Digitalization of Accounting · Wikimedia Armenia
2017.06 — 2017.08 · 2 mos

Accountant · IT, retail & public
2015.08 — 2017.09 · 2 yrs 1 mo

Judicial Acts Specialist
2014.03 — 2015.08 · 1 yr 5 mos

Military Service · Armed Forces of RA
2011.12 — 2013.12 · 2 yrs

  Deepgram, ElevenLabs, LiveKit
- ● *Navis* · shipping
  dashboards, data engineering, REST APIs
- ● *Gases Nobiles* · noble gases
  Docker, Git, Linux
- ● *Instrumenta* · tooling
  Jupyter, VS Code, ruff, uv, Pydantic

PROGRAMMING · SELF-ASSESSED

Python — *good*	R — *good*
SQL — *intermediate*	JavaScript · HTML/CSS — *basic*

§4 education

2017.09 – 2020.06
Master in Industrial Engineering & Systems Management
American University of Armenia
CONCENTRATION data analytics
CAPSTONE temporal data-based anomaly localization in networks

2010.09 – 2016.06
Bachelor in Crisis Management
Armenian State University of Economics
THESIS spatial development in the Republic of Armenia
